Applications received after October 1st can not be voted on until the December meeting because of the application review process. Therefore dues and fees will be applied toward the following year's membership.

All new members are required to participate in the designated annual fund raiser, and are required to be an NRA member or have applied at the time of application. The club will submit your application for you, please fill out the NRA membership application and attach a separate check made out to the NRA. The Cocksackie Sportsmen's Club is primarily a shooting club. Due to the erosion of our Second Amendment rights that threaten the very existence of the club, the members felt it necessary to impose this requirement. Continued membership in the NRA after the first year is voluntary, but it is very strongly recommended that you remain a part of the organization. The NRA is the ONLY reason that you are allowed to own guns in the first place!

Renewal dues for the following year are due by December 31st but may be paid in advance starting October 1.
